

Muz's Musings

ENDINGS AND BEGINNINGS

ENDINGS

Sadly, one of our stalwarts 'Teddy Jordan' passed away last Saturday after a long battle with cancer. A tribute was paid by our group, observing a 1-minute silence on the grid leaving pole for Teddy.

BEGINNINGS

Welcome to seven newbie's to the group must be a record of some sort, really pleased to see the growth in the U3L area and particularly U2L.

EVAN EDWARDS

GSM Dart, MK1 Cortina mechanicals with fiberglass body. Unfortunately had to park it up after practice due to a cracked diff housing. Knocked out some 1.02's on his first attempt so a lot more to come, methinks.

CONO ONOFARO

Mini Cooper 'S' Not having been a member for many years I believe that Cono was a force to be reckoned with in the past. He was also circulating in the 1.02-second area as well, not bad after a long spell.

STEVE BRUCE

Mini Cooper 'S' Again, I believe that Steve is a past competitor who has rejoined after a spell. I hope that with Cono and Steve, back the Bro's Stannard will extract the digit and get their Best of British BMC's out and competing some time soon.

BILL SCHIPPER

Datsun 1600 Raced Datto's in South Africa for many years. Recently got the bug again and purchased four. First outing 1.05's – not bad.

Muz's Musings

MARTYN PIERCEY

Alfa Romeo Alfetta
Martyn has been around getting in strife with the VSCC for a while. Decided to step up to the real deal and has done it well with some 1.02's.

PETER HYDE

Mk2 GT Cortina
Car has a lot of history, being built by Barr G, owned by List A and Bartlett D and now by Peter. With the regulars, we should see some eight or nine of these iconic little racers out this year.

Many thanks to Gillie, Blue, and Boots for the photographs

LEO GRIDA

Falcon XW GT
Leo did compete at the V8 round last year but this really his first point's event. Got some 1.02's in, again not bade for a big car, first go.

NIGHTMASTERS #1

STARTERS

22 for the first event, great turn out particularly with 7 new starters, looks like big fields for the rest of the season

RECORDS

The event saw two records being set. Ron Moller in the big Chevy set a new time of 0:56.6858 for Nc and Bill Meeke in his iconic Rallye Sprint 0:58.8556. Well done Both Guys.

WINNERS 'N GRINNERS

Nb 1st Brian Francis
2nd Gerry Emmelhainz
3rd Ted Kelly
Nc 1st Ron Moller
2nd Jamie Buszan
3rd Gordon Satchell

OUCH

Door got a good kicking out and back on the track in short order after this scuffle with the other Italian Stallion.

Do not have a snap of the Smith Mobile after tangling with red EH of the Bro's Francis. Bit more than a blemish I am told.

HE HE HE

"Oh Dear, How sad, Never Mind"
